When **Marge Riemenschneider** (South Bend, brought in her "You Must be Croaking" quilt top to get batting and backing, she had help from four of our staff who gathered around to admire it. I got to see a photo of it finished, and she quilted dragonflies and frogs in the blocks. I put the Java House Quilts pattern on my "to do" list. I've always loved frogs!

**Liz Beery**, Mishawaka, made these beautiful heirloom stockings

**Tracie Davis**, South Bend, took my Hawaiian Star paper piecing class. It's a huge project, and most people didn't finish it during the class time, but I was so pleased that she sent me the photo of her finished Hawaiian Star! Isn't it fantastic?!! Good job, Tracie!

**Sandy Wagner** from Dowagiac, MI, made this basket quilt. Can you believe it's one of the first quilts she made?!! It won her sew-er of the month in our Creative Sewing Club. It's no wonder!

**Sharon Andresen**, South Bend, made this Critters Caboodle Quilt. What a delight to look at!

**Linda Clark**, Elkhart, showed us the wonderful Mary Englebreit friendship quilt her Dear Jane Quilt Group made for her.

**Karla Vernon** from Vienna, Virginia, made Judy Nowicki's Pictogram Block Party quilt. She used the original fabric, but emphasized the teal/pale green color in the border fabric. Her square fabrics were silk and linen, and the center was antique cotton. She did it over several years to make and it was well worth the time she took!

**Marie Bonifield** sent us this photo from Bradenton, Florida. She used materials she bought from us to make this paperdoll quilt for her granddaughter, Tallulah. The photo shows how Tallulah feels about the wonderful quilt. She didn't want to disturb it so she slept on the floor!
