

Sew-ers of the Month

February

Jackie Pflug, from Niles, Michigan, was a member of our Saturday Sampler Club several years ago, and waited until now to quilt her wonderful project. She enhanced the designs' blocks and beautifully quilted the blank spaces, and took top prize in the evening club. Runner up was *Cookie De Laurelle* was runner up with the quilt she made for her husband. It was fall colors, made with two charm packs. She used the new binding technique from Sharon Schamber's Perfect Binding video and will be doing her binding that way now, as I will!

Morning winner was **Annette Blaschuk**, also from Niles, with her Family Reunion Block of the Month Quilt. What fun these snowmen are! This was the quilt that helped her convince her husband that she needed her HQ 16 quilting machine and frame. The next quilts will be easier!

Runner up was *Kris Nettesheim* from Granger, IN. She was really pleased with the way the appliqued circles came out, and we were impressed too. She made a quilt for her grandson, Sam, using Milwaukee Brewers fabric, and put the logos in circles. It really made them stand out and she did a beautiful job!
