During the depression, hobos had a series of markings they could inscribe on gates and gate posts to let future hobos know how they could expect to be treated should they ask for a hand-out. Debi Henninger did some research to learn what the signs were, and has turned them into machine embroidery designs. The **Hobo Designs** collection include 25 symbols and 25 text designs. 47782 (\$59.99) The book *Hobo Quilts* explores the fascinating world of the depression-era hobo through the culture's hidden language. Debi has taken more than 55 authentic hobo signs and created original quilt blocks to create 20 breathtaking quilted projects, all with a 1930s flair, using wools (new and recycled) and reproduction fabric. Accompanying the blocks and quilts are photos of the 1930s hobos and vignettes about the Hobo life. A10046 (\$27.99)
