

**New for
2010**

This information is for people coming to the store for club meetings. If you are interested in joining online, go to <http://www.ericas.com/bomclubs/>

Wallhanging Club ~ Karen's Block of the Month Club will have a festive, fun atmosphere, as you create the new Christmas "Be Merry" Quilt, using Nancy Halvorsen's "I Believe" fabric. Each month for six months you'll be making individual blocks as well as the simple filler blocks used to complete the quilt top. There is simple piecing and some applique. You'll also learn to embellish some of the blocks, add borders and finish the quilt.

Last Monday Evening of the Month
starting in February

~ \$35 Membership fee in the store ~ Sign up now! ~

Welcome to My Cabin ~ Cathy's back, doing a quilt club! She hasn't taught in a long time, and her previous students will be delighted to hear that she's back! Come join her club for a year of fun, fellowship and of course-quilting. You need to have experience in piecing and rotary cutting. You'll cut & sew at meetings. Cathy will demonstrate step-by-step, how to cut accurately, trim, and piece so your squares fit together just right. This quilt is stunning! Kansas Troubles colors are distinctively rich tones which give it a wonderful, warm country feel. This medallion style quilt has the feel of a sampler, but without the 12-block-look common to samplers. Except for the borders and main pieces, fabrics will vary, so that everyone's quilt will be a little bit different. There are a few accents of applique, and buttons if you wish.

(Cathy adds that chocolate or a snack is a "given." Bring your own covered drink.)

Third Wednesday Evening of the Month starting in January
