### Quick Gifts to Make

**Wednesday, October 21st, 9:45am, \$35 includes lunch**

One of the things Sue is most known for is teaching how to create gifts for all ages and how to do it easily and quickly. She will demonstrate a myriad of projects that are perfect for gift giving and bazaar selling. Learn about her theme "Give the Gift of Sewing" and how these gift projects make great learning projects for teaching sewing and quilting to others. When the show is over, join us for lunch!

*I first met Sue* about 25 years ago when she started sharing her love of sewing with Viking dealers. In fact, she and Herb took us to her home so she could show me what a "serger" was oh so long ago! I've loved and admired her ever since. She came to honor us on our 25th Anniversary, and now she'll be here for our 35th! I couldn't have had a better mentor in the sewing industry!

#### *Here's a little about her.*

Host of America Sews, Sue has been sewing since her first 4-H project at the age of 10. Her proficiency in this art resulted naturally from a lifetime of sewing for herself and her home, her four children, and now ten grandchildren. Her enthusiasm for sharing the life skill of sewing and quilting with others is her passion, and for more than 40 years her profession focused on sewing education.

Today, Sue and her husband, Herb, travel together to present "America Sews On The Road." Sue and Herb enjoy sharing the joy of sewing and quilting and meeting new friends across the country.

She has produced and hosted more than 900 public broadcasting programs and has 33 books to her credit including Sew Fast, Faster, Fastest, published by Rodale Press. She is Executive Producer of America Sews with Sue Hausmann. Sue received the 2002 American Sewing Guild "Sewing Hall of Fame Award" and the 2007 "Master CSE award from the Sewing Education Alliance." Sue attributes much of her success to the encouragement and support of her husband of 49 years, Herb, and is thrilled he joins her in the mission of sharing the joy of sewing!

Although I "Photoshopped" this photo of us from 10 years ago, Sue *did* buy a jacket like mine the next day!
