

These are a few of my favorite things!

Cutting Edge Strips (85083) help you cut strips the same size without having to follow a line all the way down the ruler to keep the edge of the fabric straight. The great thing about them is that they go on the under side of the ruler, so you just bump them against the edge of the fabric. You can almost do this with your eyes closed! (I use two rulers for cutting - download instructions from my blog post for May 27, 2010.
