

New & Noteworthy Machine Embroidery, etc.

When Jenny sent me the photo of **A Place in the Sun**, I loved it immediately! I can see it in purple and yellow, but I know

blue and yellow are a really popular combination. It isn't due in the states until next month, but we're taking pre-orders. This latest book by Jenny Haskins features the quilt, step-by-step directions and photos along with all the embroidery and quilting designs to make it. All the embroidery and quilting are done in a 200mm x 200mm hoop including: blocks, sashing, scalloped borders and cornerstones, all of which incorporate built-in stitch cutting lines, pieced with the Jenny Join for perfectly flat seams. In the meantime, Jenny and Simon have been busy compiling special editions. These are wonderful collections with the designs and instructions for the project shown on the cover, and sometimes some bonus ideas as well.

Fiesta is a quilt made and designed by Simon. It reflects Simon's love of vibrant colors and exquisite fabrics inspired by his many trips to Mexico. This festive quilt is made of luscious silk in keeping with Simon's love of working with this luxurious fabric but can be just as beautiful in cottons. 50560 (49.99)

I Need a Little Christmas is a romantic Advent Calendar (for next year!) that incorporates Jenny's Magic Quilting in the hoop (with cutting lines so no measuring is required), Jenny Join (for perfectly flat seams) and Jenny's Embroidered

Decoupage technique! You cannot get much easier than this. 50561 (49.99)

Simon designed the **Quilt-a-Matic** Special Edition. He's known for his love of vibrant colors and progressive quilting techniques which are gloriously shown in this latest quilt aptly named Quilt-a-matic. There are just four steps: Hoop and stitch all three layers, cut on the built-in stitch cutting line: piece with the easy Jenny Join, and bind your finished quilt. Almost automatic! 50575 (49.99)

Simon designed and pieced the striped blocks for this quilt with another collection in mind and Jenny and Robbie added these beautiful red floral designs and put them on Simon's pieced fabric.

What a beautiful outcome! (However, there was quite a discussion before it was finished - thus the name **War Of The Roses**). A15427 (49.99)

Cottage Rose, a unique double-sided quilt, not only looks amazing, it also teaches so many new & different techniques. It features 6mm twin needle quilting, stipple quilting as well as template placement for embroidery, applique and a scalloped edge binding which completes it beautifully. This quilt is quick and easy. A15428 (29.99)

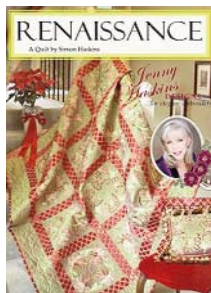

Roses For Mary is dedicated to, and in memory of, Jenny's mother. It was a very popular collection previously, with the instruc-

tions in now unavailable Creative Expressions magazines. The Roses For Mary quilt designs and combinations are not confined to a quilt but can be used in many other applications such as pillows, wall hangings, table quilts and clothing. A15433 (39.99)

Renaissance is a very easy quilt to make with the blocks being straight forward to embroider and the piecing simple. This quilt is dedicated to Robyn Wilson, long-time friend, colleague and co-worker of Jenny and Simon in the studio. A15432 (39.99)

Peaches & Green is not only a beautiful quilt but also a teaching quilt with Jenny sharing some of her techniques. This quilt was one of the inspirations for her Heritage quilt and book. You will learn her

Embroidered Decoupage technique to create free standing embroideries and The Jenny Join quilt-as-you-go with decorative satin stitches to piece the quilt sections together. A great quilt for the beginner through advanced. A15431 (39.99)

Jenny got inspiration from a number of sources for the **Creative Fantasy** CD. It's a summer quilt, evoking the lovely scent of lavender perfume, gentle breezes and hazy days of calm and tranquility.

A15429 (39.99)

The **Splendor Special** bedspread combines net, linen and lace, and features one of Jenny's signature designs - beautiful machine

embroidered lace. This is a creation by Jenny's good friend, Lucie, and it speaks for itself - simply stunning! A15430 (49.99)

A Little French Chic is a stylish table runner by Jenny and her fellow artist, Robbie, and it reflects their love of working with silk fabric along with the color pink and all things romantically chic. These designs used on the table runner pictured are gloriously large applique designs made up of two interlocking designs. 50668 (49.99)

The **I Feel Pretty** table or wall quilt is the perfect project for the time when you want to learn new techniques, play with tactile products and create an eye catching quilt to hang in your sewing studio to remind yourself of how pretty you really are, inside and out! 50648 (49.99)

At the Fall Quilt Market, I found a new company with really unique designs! These designs are digitized for use with Mylar. A color change chart is included with each collection with instructions about when to place the Mylar on the design and when to remove the excess. (This special fill is not recommended to be resized.) Here are a few of the ones we picked up, and we will add more if you like them as much as we do:

There are 16 **Mylar Snowflakes**, 15 for the 4 x 4 hoop and , 1 for the 5x7 hoop. Until you see one sewn out, you can't imagine how
