We're getting calls for basic sewing classes and we're looking for a good teacher! Sewing has been such a gratifying part of our lives, it's a great thing to pass on to others. There are young people wanting to sew, and people who haven't sewn in years wanting to try it again. Teaching people who really want to learn is an A+ for everybody! If you want to share your love of a great skill, please fill out an application.
