

## 40 Class Descriptions

(alphabetical by category)

### NEEDLEWORK

#### Knitting Club—

Gather with Mary Ann and other knitters to learn new things, share ideas, and work on your projects. Mary Ann says knitters love any excuse to get those needles out! They'll show you new yarns, fun projects, and offer you discounts at the meeting. Membership for 6 months is \$30, just \$5/meeting, prorated! So sign up now, and get ready for knitting fun! See club dates on page 38.

#### Knitting Socks with the Magic Loop—

Having trouble making socks (or gloves or any small item in the round) with all those double pointed needles? Then come and join Sandy E. to learn the more simple "Magic Loop" technique in the round. You'll be using a long circular needle for this project. Basic knitting knowledge required. Class pak (book) is \$7.95 + tax. Thu, Nov 20, 9:45a-12:15pm

### OWNER'S CLASSES AND ACTIVITIES

*These classes are especially for people who have bought their sewing and embroidery machines at Erica's, as a "thank you" for supporting us. If you've recently moved into our area and have a Viking or Bernina, please contact us about participating with us. Note-all other classes shown in other categories are open to everyone.*

**Erica's Creative Sewing Club**—If you bought your serger or sewing machine from any of Erica's locations, a year's membership is automatic for most models, and you'll get special discounts at the meetings. Mary Ann Lienhart-Cross and I share our excitement and enthusiasm for sewing and fabric crafting, giving you hints, patterns, and sewing and serging updates. The same presentation is

given in the evening and the next morning. We have a wonderful group of people who share this common interest of sewing, and you can make new friends while you get new ideas. This is an opportunity for our sewing machine and serger customers exclusively. See page 38 for Club dates.

**Embroidery Clubs**—These are groups where you explore more alternatives for the embroidery aspect of your Viking or Bernina and try all kinds of things you might not have tried on your own. We have several groups going now. Members will tell you how much fun they're having and how much they're learning! Membership is \$30 for the six-month session and club packs average around \$15, always including a few or several embroidery designs for your collection. Projects feature embroidery Judy Nowicki designs especially for our Embroidery Club members! You get information on project costs and a list of what to bring before each meeting. There are openings in some of the groups, so let us know right away if you're interested! (For our owners) See page 38 for Club Dates.

### SEWING

**As You Like It Purse**—Linda G chose this one because it has a personalized decorative front flap that is a great way to showcase your creativity or use a favorite fabric. You can make it in one of three sizes, the largest is big enough to hold a notebook or laptop. It has two zippered outside pockets and two side pockets that are great for keys, cell phones, or eyeglasses. Inside are two large patch pockets that can be divided into several smaller pockets. Choose the size that's right for you and then customize the front flap to make this purse your very own. Linda will show you some variations like piping instead of binding, and embroidery. (Machine required) Mon, Nov 24, 9:45a-12:15pm
