Erica's award winning training will help you really use your Handi Quilter!

Only 8 representatives in the world were given this award! The inscription says **"HQ Way Award ~ Delivering Results through superior service, Education, and Inspiration, Erica's Craft and Sewing Center"**

We're so proud to have earned this award, and I thank my students, whose evaluations helped make this happen!

Because I'm the one who's done the most with the HQ Sixteen and Fusion, please email me erica@ericas.com so we can set a time to get together and I can show you some of my projects and let you see how easy and how much fun you can have !

Cherie McDonough from Three Rivers and **Jackie Mann** from Granger had a ball learning together.

Mary Wojter from Byron Center, MI, didn't know about us when she got her HQ, but after she found us, her husband gave her our training and another one of my classes as a birthday gift!

Janene Grace from Mill Creek, IN, is the luckiest person I've ever met! She actually won her HQ16 ! You can see pictures of her at our training at <http://www.handiquilter.com/lovemyhq16> . She won the grand prize in the American Patchwork and Quilting Magazine sweepstakes. It included the HQ and accessories, several dozen quilting books, lots of Moda fabric, and a big gift card, which she used to buy her new Bernina and lots more supplies at Erica's.

We had fun training her on both new machines!

Next time you see an opportunity to enter a sweepstakes, maybe you'll think twice! I know I will!

Let us show you
why we love our Handi Quilters!
