Embroidery Clubs at Erica's!!

We have space in some of our embroidery clubs! If you bought your embroidery machine from us, there is probably an Embroidery Club you can join. Embroidery Club is the best thing you can do for your machine. We do things you might not try on your own, like metal punch, cutwork, different types of applique, dimensional embroidery, balsa wood, even toiletries! and more to come!

Check the "Club Dates" for dates. Those with * after them have space. Be sure to get your sheet of what to bring to the next meeting when you sign up.

Join an Embroidery Club now!

We have an even more wonderful variety of designs for you in our **Embroidery Take-out!** With the acquisition of Great Notions by Bernina, we have the most popular of the collections previously called Amazing Designs. Next time you're in, take a look.
