Try Machine Embroidery!

NEW

Have you wanted to try machine embroidery but don't have a machine? Would you like to create something really special for someone in your life while you try it? Here's your chance! Join us for a fun class, embroidering on an adorable cuddly 20" teddy bear. The bears are pre-made, so all you have to do is pull out the bag of stuffing and embroider! After embroidering a design on the belly and back, you put the stuffing back in, and stitch it closed. You will then have a wonderful

personal gift from the heart for someone you love. What could be better! There will be several designs to choose from and help from experts. And who knows? You might just love embroidery and want a special gift for yourself: an embroidery machine! Class pack, bear and all materials, is \$30. The \$5 class fee will be donated to Bernina's Sew Red project, our local Heart Association. (And if you buy one of the embroidery machines, the bear is free!)

First class is September 24th. See more dates in the schedule.

Embroider this adorable 20" Bear!
